

Housing and hope
for homeless youth

THE HOME DEPOT CANADA FOUNDATION IMPACT REPORT 2020

CHAIR MESSAGE

Since 2013, The Home Depot Canada Foundation has been committed to preventing and ending youth homelessness in Canada. But in a year where staying home and staying safe were our most important priorities, it's impossible not to think about the many Canadian youth who don't have a safe home to stay in.

Together, with our incredible customers, associates and partners, we were able to safely provide support to more than 130 local charities, and implemented The Home Depot Emergency COVID relief fund distributing over \$4 million for critical and urgent support needed through this pandemic. Every dollar has helped an individual in your community gain access to housing, counselling, employment training, and much more, to help keep them safe and realize their potential for a brighter future.

The fight to end youth homelessness is far from over, but together we can continue to make a difference. Thank you everyone for your contributions, hard work and dedication to this critical cause. One door can truly change everything. Our partners and communities needed our support more than ever before and I'm extremely proud of the outstanding contribution and dedication The Home Depot Canada Foundation has made this year.

Thank you,
 Pam O'Rourke
 Chair, The Home Depot Canada Foundation
